Specialist Spotlight

Dr. Michael Shim, MD

Dr. Shim is April's specialist of the month because of his impressive response time of approximately 2 hours!

He is a graduate from Brown University with a B.A. in Biology. Dr. Shim matriculated from NYU School of Medicine in 2001 and completed his residency in Categorical Internal Medicine at NYU in 2004. In 2005, he completed a research fellowship at the Aaron Diamond AIDS Research Center and a gastroenterology fellowship at UCLA David Geffen School of Medicine from 2005-2008. He has been practicing gastroenterology for thirteen years.

Dr. Shim has been with eConsult for a year and believes that the program "allows for rapid triage and turnaround of gastroenterology and hepatology consultations, which is a real plus for all involved." He also appreciates that eConsult "saves the patient quite a bit of time by allowing a consultant's recommendation to be carried out without the patient having to physically visit the consultant."

Professionally, Dr. Shim is passionate about using his skills and knowledge to solve patients' medical problems efficiently and with compassion. In his personal life, he enjoys watching Korean Drama with his significant other to unwind in the evenings. He is an avid Kdrama fan!

Thank you for your dedication Dr. Shim!

Announcements:

New Changes in eConsult Platform

Outpatient: Authorization Referral Request

- The SNC eConsult platform has added new feature to allow for a new eConsult request with the ability for a submitter to complete the following:
 - a. Redirection (change Servicing provider)
 - b. Code Addition/Change (CPT codes)
 - c. Extension (extend expiration date) - Different Auth # generated, but with ability to associate to previous Auth #
 - d. Quantity Change (CPT quantity)

The Edit Auth tabs will include the question option that will provide the end user the ability to submit the request.
