Specialty Care Access Program: Access to Information. Access to Care.

SPECIALIST SPOTLIGHT

meet

DR. EMAN ELMI

PODIATRY

Dr. Elmi is December's specialist of the month because of the high-quality advice he provides through his eConsults!

Dr. Elmi has been practicing medicine for 7 years and doing eConsults for 2 years. He attended medical school at California School of Podiatric Medicine and did his residency at St. Mary's Medical Center in San Francisco. He believes that the major benefit of eConsult is that it helps increase access to specialty care for patients, in a timely fashion, while providing an efficient platform for communication between providers.

Fun Facts about Dr. Elmi:

- He loves spending time with his family.
- His medical interests are working closely with his local FQHC community clinic to help the underserved.

ANNOUNCEMENTS:

We are phasing out the MCEi name and logo and replacing it with "Specialty Care Access Program." The word "eConsult" will be limited or completely removed as our program evolves.

Workflow Engineers Joe DeMassimo, Cassandra Romero, and Stephanie Fluitt trained the clinics of Aspen Medical Group Inc., Alav Medical Corp, California Medical Clinic, DPH-San Bernardino, and Ghassen E Hadi MD Inc. in eConsult this month. Welcome Aboard!

YOUR MONTH IN REVIEW

SPECIALTY CARE COORDINATION

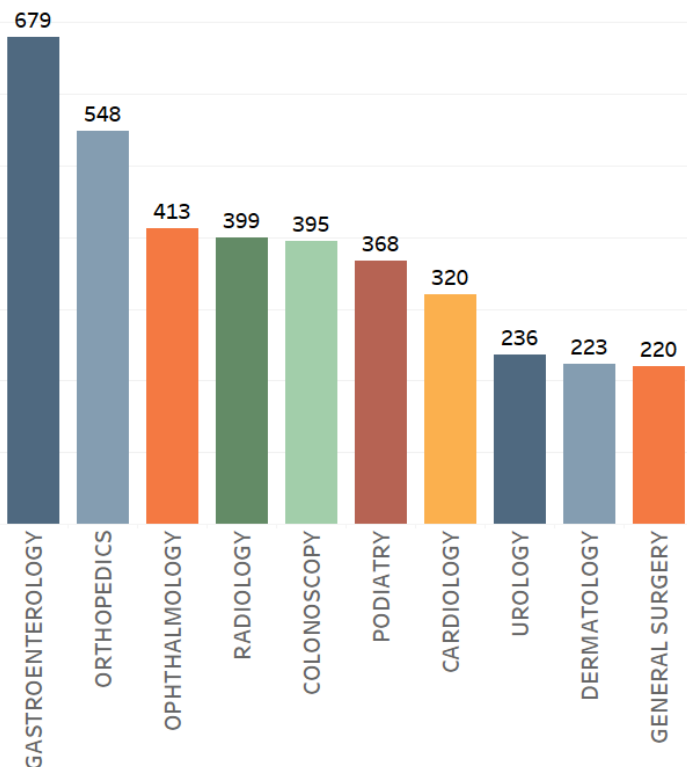

There were **324 eConsults** that were resolved without the need for a face-to-face visit with the specialist.

This month, **Physical Medicine and Rehabilitation** resolved the highest percent of eConsults without the need for a face-to-face specialty visit.

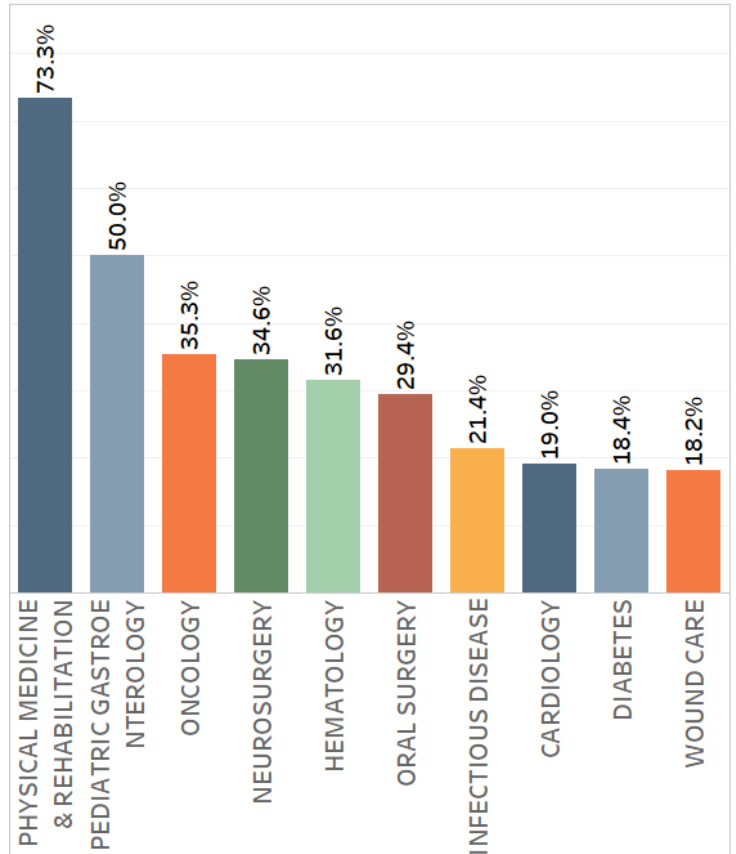

You and other specialist reviewers coordinated with primary care providers across **144 clinics** in the Inland Empire via eConsult.

Specialists served **4,816 patients** this month through specialty recommendations for eConsult.
