Specialty Care Access Program: Access to Information. Access to Care.

SPECIALIST SPOTLIGHT

meet

DR. DANIELLE ASEF

NEPHROLOGY

Dr. Asef is December's specialist of the month because of the high-quality advice she provides through her eConsults!

Dr. Asef has been practicing medicine for 11 years and doing eConsults for 1 year. She attended medical school at Midwestern University and did her residency at St Mary's/Harbor-UCLA for internal medicine as well as a nephrology fellowship from UC Irvine. She believes the major benefit of eConsult is that the platform provides an avenue for patients to access specialty care who usually do not have access.

Fun Facts about Dr. Asef:

- She loves spending time with her family as well as the beach.
- Her medical interests are explaining medical issues in a simple relatable way to my patients and being able to ease their anxiety about their kidney disease.

ANNOUNCEMENTS:

Workflow Engineers Joe DeMassimo, Cassandra Romero, and Stephanie Fluitt trained the clinics of St. Mary High Desert Medical Group, California Medical Clinic, Vista Medical Group, and Mallu Reddy, M.D. Inc. in eConsult this month. Welcome Aboard!

YOUR MONTH IN REVIEW

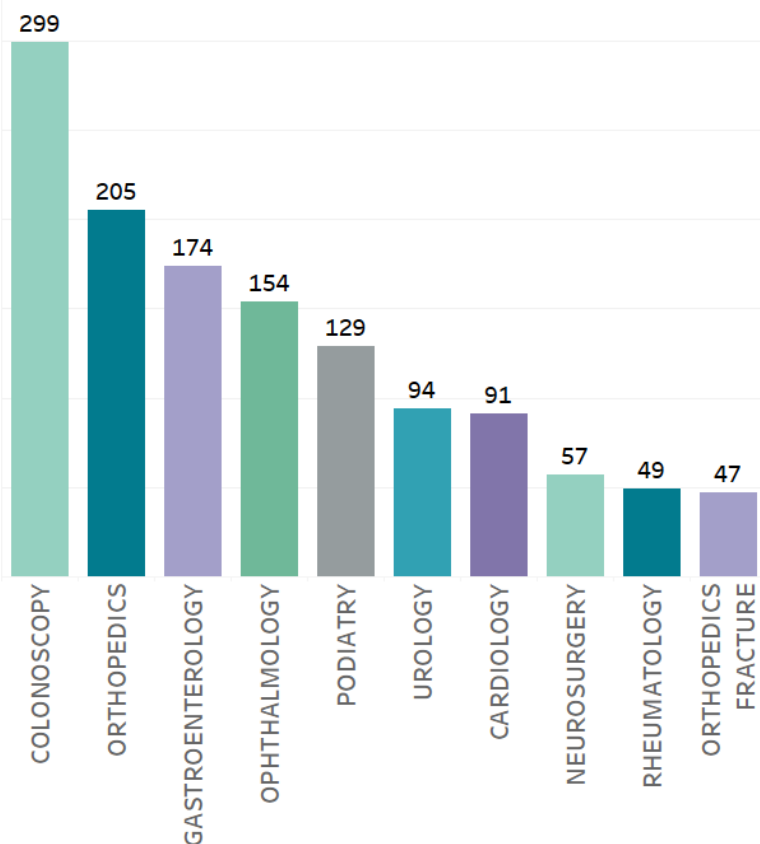

RUHS CARE COORDINATION

There were **48 eConsults** that were resolved without the need for a face-to-face specialist visit.

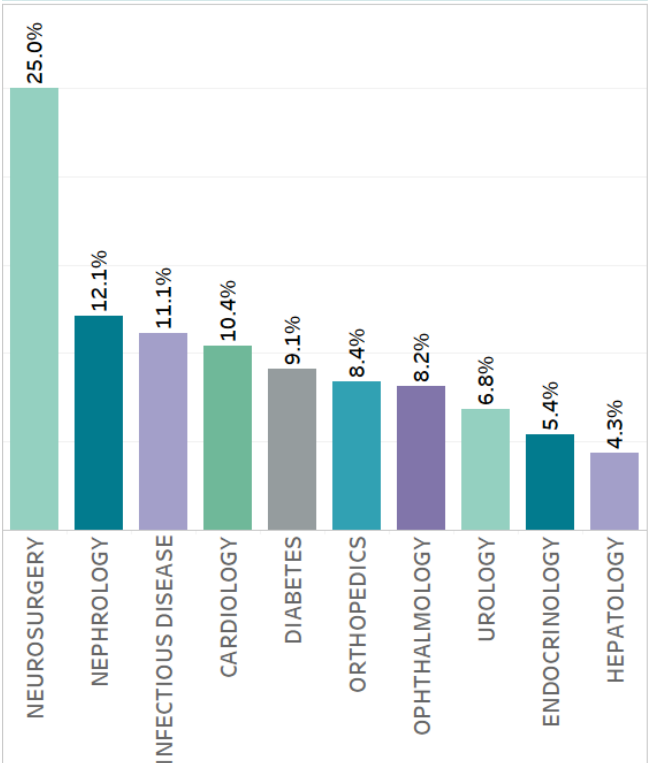

This month, **Neurosurgery** resolved the highest percent of eConsults without the need for a face-to-face specialty visit.

RUHS and CHS PCPs were able to serve **1,369 patients** through access to specialty recommendations for care via the Specialty Care Access Program.
