

**Waiting
to see a
specialist?**

Ask your doctor or
nurse practitioner
about eConsult!

What is eConsult?

- A secure, **web-based tool**
- Allows doctors or nurse practitioners **timely access** to specialist advice
- Often **eliminates the need** for an in-person specialist visit

What are the benefits to patients?

-  **ACCESS:** over **35** specialty services
-  **FAST:** Specialists respond to questions **within 3 days**, often as **quickly as within 24 hours**
-  **NO COST**
-  **SECURE:** eConsult **meets all of the standards for privacy** of communication between healthcare providers
-  **EFFICIENT:** In about two-thirds of eConsults, the doctor or nurse practitioner gets all the advice they need **to treat you themselves**

How does it work?

STEP 1 – Today

Your doctor or nurse practitioner sends a question to a specialist

STEP 2 – Within 1 week

The specialist responds and provides advice

STEP 3 – Usually 2-4 weeks

Your doctor or nurse practitioner uses the specialist's advice to provide care to you

OR

Your doctor or nurse practitioner refers you to the specialist
